| H. M. Lake. | M. J. Wooler. |
| VI. A. C. Drury. | B. M. Goode. |

Proceedings began at 9-30, Miss Lawrence in the chair.

MISS MASON'S LETTER.

3

May 2nd, 1905.—Miss Hertzal opened the proceedings by reading a letter of welcome from Miss Mason, which was followed by a hearty vote of thanks to our Principal for allowing us to meet once more at our Alma Mater.

Miss Hertzal then read out the programme for the week, which had been considerably altered owing to the enforced absence of many who had promised papers.

MISS MASON'S LETTER.

MAY 5TH, 1905.

MY DEAR "BAIRNS,"

One word of most warm and loving welcome to you. It is good to think of you gathering to your Alma Mater again. I always feel greatly cheered to think of your loyal and loving efforts to carry on our great work, and it is good to know how successful you are. I fear the weather does not promise to be kind to you, but I expect you are no more dependent on the weather than you used to be.

I hope to see you shortly, and I should indeed be with you as soon as this letter, only that I am not able and have to minimize my efforts. God be with you, dear friends, and grant that this may be a time of much happiness as well as of earnest purpose and inspiring thought.

With love to each of you,

Always affectionately yours,

C. M. MASON.
